

Teaching Integrating Elementary Technology

By Mark Page-Botelho

Page-Botelho, United States, 2009. Paperback. Book Condition: New. 280 x 210 mm. Language: English . Brand New Book ***** Print on Demand *****.This book is a case study of my experience teaching elementary technology and are designed to remain relevant throughout the years to come. These lessons are created to remain relevant for years to come and are based on ISTE's Standards and benchmarks. In addition CyberSMART Curriculum has inspired many of the ideas in regards to sequencing. The object is to open my experience to others in order to give insight on how to run a flex schedule technology integration program successfully. I believe that others can learn from my experiences and construct their program to better serve students.
