SCOTTISH GAELIC

[DOWNLOAD](#)

LINCOM, 2003. Softcover. Book Condition: Neu. Dust Jacket Condition: Gut. 1. Auflage. Scottish Gaelic (ScG), along with Irish and Manx, is a member of the Goidelic branch of the Celtic family of Indo-European languages. At its peak of influence around 1000AD, it was undoubtedly the national language of Scotland, but ever since, its fate has been one of gradual decline. Today, the Gaidhealtachd or Gaelic-speaking region is confined to the islands off the west coast of the country, aside from small pockets dotted throughout the northern and western Highlands. Although now spoken by only slightly more than 1% (65,978) of the country's population, it has had a rich influence on Scotland's history, toponymy, art, literature and national folklore. Scottish Gaelic has received much prior linguistic attention for its complex phonology (one dialect distinguishing at least 5 different lateral approximates), its system of consonant mutations, and its rich dialectal variation. However, relatively little has been published on its syntax. It is a dependent-marking, nominative-accusative VSO language. The verbal system tends to be agglutinating while the nominal system is somewhat fusional. Pronominal forms are especially notable in this regard, with a large proliferation of 'prepositional-pronouns' evincing different forms according to person, number, and gender. There are two genders (M&F), three numbers (Sing., Pl., and dual) and four cases extant in the language. Stem modification and suppletion are common morphological processes. Distinctions of mood, aspect, and voice tend to be made periphrastically, employing a combination of verbal particles, auxiliaries and 'verbal-nouns' that can function differently depending upon their syntactic status. Finally, the grammar ends with sections on discourse phenomena, interjections and exclamations, the influence of English, and a full oral folktale with interlinear translation. This new grammar is the most up-to-date one available on the language. It includes many topics that have...
