10 Finger Press. Paperback. Book Condition: new. BRAND NEW, Defy Your DNA: How the New Personalized Gene Patch Medicines Will Help You Overcome Your Greatest Health Challenges, Steven B. Shrewsbury, The greatest medical breakthrough since penicillin, currently featured in a storyline on the TV show Grey's Anatomy, is about to change your health care forever (even if cancer and heart disease lurk in your genes). What if your doctor could stop a disease for you or your children before it actually happens? That may sound like science fiction, but the FDA is already approving a new class of medicines that will literally patch your genes and end inherited illness. Defy Your DNA will be your guide to this brave, new medical future. You will discover: The new possibilities for healing heart disease, cancer, and diabetes as well as rare diseases such as muscular dystrophy and sickle cell anaemia; The secret weapon that can end biological warfare right now (as well as the threat of plague-like viruses such as Ebola and West Nile); What the doctors visit of the future will look like and how you can get a map of your own DNA today for under \$1000; The top ten shocking future medical trends that are coming to a galaxy near you right now and much, much more!.
