AID ON THE EDGE OF CHAOS: RETHINKING INTERNATIONAL COOPERATION IN A COMPLEX WORLD

Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. It is widely recognised that the foreign aid system which today involves every country in the world is in need of drastic change. But there are conflicting opinions as to what is needed. Others point to the flaws in aid, and bang the drum for cutting it altogether and argue that the fate of poor and vulnerable people be best placed in the hands of markets and the private sector. Meanwhile, growing numbers are suggesting that what is most needed is the creative, innovative transformation of how aid works. Aid on the Edge of Chaos is firmly in the third of these camps. Many thinkers and practitioners in science, economics, business, and public policy have started to embrace more ecologically literate approaches to guide both thinking and action, informed by ideas from the new science of complex adaptive systems. Inspired by these efforts, there is an emerging network of aid practitioners, researchers, and policy makers who are experimenting with complexity-informed responses to development and humanitarian challenges. This book showcases the insights, experiences, and often remarkable results from these...
